Advance-Nilfisk Parts - Think about how tedious it would be to tidy up your own home after having a large party, without assistance from cleaning equipment. Back in the day, the time upholstery and carpets had the dust beat out of them manually; brushes, brooms and cleaning cloths were the best cleaning supplies back then.

P.A. Fisker, the man who established Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Starting the business in 1906, he started to make motors in order to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's dream from the start was to have a global company marketing goods internationally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by a single person. This creation came in a time where many cleaning equipment were huge and needed at least 4 operators, therefore, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning machines provide an excellent solution to an ongoing dilemma; things get dirty and have to be cleaned frequently, without a lot of effort.

Slowly but progressively, Nilfisk-Advance developed through the decades. In the 1980s, this expansion actually occurred the time the business became a part of the NKT Group. Their new owners' determination and concentration made Nilfisk-Advance take a huge leap ahead within the business, aiming to be one of the leading international players in the market of professional cleaning machines. Nilfisk-Advance is presently found in every part of the world by gradually obtaining lots of smaller companies so as to expand their product range and presence in new markets. They are proud to present different cleaning solutions to fit every need.
