

Forklift Electrical Parts

Forklift Electrical Parts - Lift trucks can be purposely marked to be utilized in dangerous places. A marked truck denotes the design has met the minimum standards of ANSI/UL 558 intended for engine powered lift trucks or ANSI/UL 583 intended for electric lift trucks for the type of label attached.

The application for labels intended for lift lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Ask your local insurance provider and Fire Marshall for more information about the permitted uses of industrial powered forklifts in your application.

If the forklift has been found to satisfy the outlined criteria, the following labels could be attached. A marked truck would have the type designation put on the lift truck nameplate and will have one of the following labels placed.
